Errors and Timely Hits Combine to Give Athletics Another Victory Over Champions-Wood and Houck Wild-Chicago Beats Cincinnati in Eleven Innings.

Philadelphia, April 51.—Errors by the wagner and Yerkes in the seventh inning proved the turning point of today's game, which Philadelphia won from Boston, 6 to 4. They were followed by a single by Murphy and filled the bases. Baker and Daley then each drove in a pair of runners with singles. Daley got into the game after Strunk had his ankle sprained colliding with Wagner in trying to score in the sixth inning on a short fly to Speaker. Houck was wild, giving nine bases on balls, hitting a batsman and making a wild pitch, but except in the second inning, when Boston scored three runs on three hits, a sacrifice fly and two errors the visitors' hits were widely scattered. With two out in the ninth and two bases occupied, Plank tooks Houck's place and disposed of Wagner. FINANCIAL AND COMMERCIAL

MARKET CLOSES STRONG. Light Trading in Very Narrow Movement Early in Day.

New York, April 21.-After several

nours of aimless trading the list in which prices barely moved, the stock carket became strong, ending the day r issues. During the fore part of the sesson the market was unusual narrow, and trading dwindled to it significant proportions. The bidding up of stocks in the late hours of the day was accomplished by an increase of business, but the volume of trading was not large, and there was no indication of an urgent demand such as might have been expected had the up urn represented merely a successful drive at the short interest. Trading seemed to be stmulated by the announcement that the courts were agreeable to an extension of time for effecting dissolution of the Harriman properties. Government intervention in the railroad state rate cases now before the supreme court was taken to mean that final decison in these cases would be postponed indefinitely. Elim-ination of the rate cases and the Harriman merger tangle from the specula-tive situation as disturbing influences for some time to come encouraged bul traders, and in the rise of the after-noon operations for the long account were carried on more confidently. A

noticeable feature was the scarcity of stocks, some issues rising sharply on comparatively small buying. There was some further selling of There was some further selling of bonds today, but the general tone was better. New York city fours' were traded in at around the recent low levels, one of these issues striking a new low point. Indefinite reports were heard of further financing scon to be attempted. Money market conditions were studied closely in view of the large requirements of a slowing down in some lines of business in the opinion of bankers, may point to a lessening of requirement for funds in commectal channels, with a consequent increase of available capital for imperative new financing. tive new financing.

Bonds were irregular. Total sales, par value, \$2,010,000. United States bonds were unchanged on call.

THE SECRET OF SUCCESS Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is an endless chain system the remedy is recommended by those who have been cured, to those who are in need of it. In an interview on the subject a prominent local druggist says "Take for example Dr. Kilmer's Swamp-Root a preparation I have sold for many years and never hesitate to recommend for in almost every case it shows immediate results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfils every wish in overcoming kidney, liv-er, and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism. Worth \$1000 More

But costs only \$300 to \$500 more than some other car you may be considering

First of all we want to impress upon the motor car buyers of this community that the Chalmers "Thirty-Six" is a good car.

It is exceptionally good. It is worth more than passing notice. Because there is no other car at the price which offers so many fine features and so much real value.

This car has a really wonderful motor, 41/4" bore and 51/4" stroke. It develops full 36 horsepower at low engine speeds and goes as high as 45 horsepower when the motor is turning over rapidly. But the beauty of it is the great power at slow speeds. You know that means "she is there" on the hills.

The four forward-speed transmission is an advanced feature hitherto found only on the highest priced cars. And the gears in Chalmers transmissions are ground to eliminate all noise. You positively cannot get this feature in any car under the Chalmers price—and in no other at this price either.

Utmost comfort is found in the deep 11-inch upholstery, the Turkish cushions, the long wheel base (118"), big wheels and tires (36" x 4"), the long springs, the roomy body.

In convenience, no car surpasses the "Thirty-Six." Every driving operation is controlled from the seat. A foot-button operates the efficient Chalmers compressed air starter. One simple switch controls the Gray & Davis lighting system. Carburetor is adjusted from the dash. Ignition switch, gasoline pump, light meter, horn and Warner speedometer are all on the cowl dash.

The "Thirty-Six" is staunch and safe. Axles are of nickel steel; double drop frame unusually heavy; steering connections are all drop forgings; brakes of maximum strength and grip.

In looks, style, grace, elegance, no car offers more than the "Thirty-six." It is a beautiful car in every line.

And lastly-the "Thirty-Six" is a factory-built car. Not assembled from parts bought here and there-but actually built by the company whose name it bears. There is one inspector to every 13 workmen in the Chalmers factory. That's your assurance that Chalmers cars are built right.

Come see the "Thirty-Six" and learn for yourself why it is such a good carsuch a wonderful value for the price, \$1950 (fully equipped, f. o. b. Detroit.)
